6rd Screening Workshop

CROSS BORDER AND INTERNATIONAL COPERATION REPUBLIC OF SERBIA

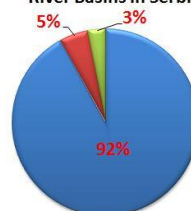

17 - 19 November 2015,
Sarajevo, Bosnia and Hertzegovina

Surface water

Transit rivers: 162 billion m³ per year.
National rivers: 16 billion m³ per year

River Basins in Serbia

■ Black Sea (Danube) ■ Adriatic Sea ■ Aegean Sea

River	Station	Discharge (m ³ /s)		
		Q _{av}	Q _{min} 95%	Q _{max} 1%
Danube	Bezdan	2267	952	7017
	Pančevo	5264	1976	15311
Tisa	Senta	794	134	3914
Sava	Sr. Mitr.	1535	272	6379
Morava	Lj. Most	234	35	2396
Drina	Radalj	362	69	4940

INTERNATIONAL COOPERATION

- Bilateral agreement
- Multilateral cooperation
- Various cross boundary are regional project financed by international institutions (mainly IPA funds)

BILATERAL AGREEMENTS

- active current bilateral agreements with Hungary and Romania.
- from 1955 and are fully overcome not in accordance with EU legislation
- new forms of bilateral cooperation with Hungary and Romania are required.
- Without concluded bilateral agreements there is no legal basis for the regulation of the questions they are interested in one or both countries.

MULTILATERAL LEVEL

- Cooperation is on the multilateral level takes place in the framework of the:
- International Commission for the Protection of the Danube River (ratification 2003), and in the ICPDR framework-Tisa river basin Memorandum of understanding (2004)
- International Sava River Basin Commission.(2002)
- UN convention for protection and use of cross boundary water bodies and international lakes (1992)-ratification 2010).

THANK YOU FOR YOUR ATTENTION
