ETS in a nutshell -1

Emissions

Allowances
submitted

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

ETS in a nutshell -2

- Each year the operator has to submit an amount of allowances that equals the annual emissions
- Annual emissions are reported in the Annual Emissions Report
- The AER is drafted by the operator, verified by a verifier and approved by the competent authority
- The AER has to be in line with the Monitoring Plan, describing what, when and how to measure, calculate and report the emissions from that installation
- The MP is drafted by the operator and has to be approved by the Competent Authority

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

This workshop

“A peek into your own future”

- Learning to see through the eyes of the verifier
- Further in-depth understanding of choices and impacts
- Preparing for finalising (operator) and reviewing (Ministry) the MP
