

National ECRAN Adaptation Teams – STEP B2 Introduction

Rob Bakx, ECRAN

9-10 November, 2015

Zagreb

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop objectives

Wider Objective

To keep the steady progress that already started on climate adaptation action in the Western Balkan countries and Turkey

Specific Objectives

To enhance the understanding about climate adaptation action among a core of Beneficiary Countries' representatives, creating climate adaptation policies and planning as a basis for action

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Expected Results

1. Enhanced understanding of workshop participants about their own country's state of progress and involvement of stakeholders towards developing a national climate adaptation strategy and action planning
2. Workshop participants' understanding of their own country's specific gaps between current levels of knowledge and skills and the levels required to successfully proceed with the development of their national climate change adaptation strategy
3. A country-by-country view on the national level actions and external support needed to bridge the gaps identified under result 2 above
