

Group work assignments

Workshop on SEA/EIA in Hydropower
Sector

Ljubljana, May 11 – 12, 2016

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Context

- Three HPPs on Sava River, close to Croatian borders
- SEA for the Spatial Plan to determine locations (including transboundary consultations)
- EIA for each HPP (including transboundary consultations)

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Group work 1: Transboundary consultation procedure

- Outline the procedure for transboundary consultations for SEA and EIA i.e.:
 1. At which stage of SEA/EIA to decide if transboundary consultations are needed?
 2. At which stage of SEA/EIA the transboundary consultations should be initiated?
 3. What type of information should be available when launching transboundary consultations in SEA/EIA?

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Group work 2: Scope of transboundary consultations

- Based on the information on the pilot site and proposed projects, please determine the key environmental and health issues related to proposed hydropower development, and:
 1. Identify issues to be discussed through transboundary consultation in SEA
 2. Identify issues to be discussed through transboundary consultation in EIA

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

THE PROJECT HAS BEEN SUBMITTED BY THE PROJECT LEADER

Questions for panel discussion

- Should transboundary consultations be carried out in several SEA/EIA stages or just in one stage would be sufficient?

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

THE PROJECT HAS BEEN SUBMITTED BY THE PROJECT LEADER

Questions for panel discussion

- Is there any difference between SEA and EIA transboundary consultations approach? If so, please specify?

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

This Project has been implemented by the European Union

Questions for panel discussion

- Does legal requirements in your country represent minimum or optimum approach regarding consultations?

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

This Project has been implemented by the European Union

Questions for panel discussion

- What type of recommendations/conditions transboundary consultations in SEA can deliver towards EIA (e.g. is Sava River case a good practice example)?
