

Working meeting on SEA for the General National Territorial Plan of Albania

Scoping report

Tirana, September 9 – 10, 2015

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Purpose of scoping report

- Provides preliminary analysis of environmental and health conditions in the concerned area
- Identifies the needs for further analysis
- Documents preliminary SEA recommendations and suggests early inputs into the planning process
- Facilitates consultations with stakeholders (including the public)
- Presents a basis for preparation of SEA Report

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Possible structure of Notification

1. Summary
2. Introduction
 - Background information on SEA pilot
 - Purpose of scoping report
 - Scoping approach and methodology
3. Main features of the Plan
 - Structure and content
 - Main objectives and priorities
 - Implementation and linkages to other planning and decision-making schemes

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Possible structure of scoping report

4. Initial baseline analyses
 - Relevant environmental and health aspects in area to be likely affected
 - Specific concerns and problems
 - Geographic areas of concern
 - Likely linkages to the spatial development

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Possible structure of scoping report

5. Proposed scope of SEA (in a form of scoping matrix + verbal explanation)
 - Priority issues to be addressed in SEA
 - Risks and opportunities likely linked to the Plan
 - Development options and measures to be considered in SEA and/or the Plan (if there are many suggestions, can be prepared as a separate chapter)
 - Relevant stakeholders
 - Data and information further needed

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Possible structure of scoping report

6. Further steps
 - Analyses to be performed
 - Consultations to be carried out
7. Annexes
 - Overview of consultations and integration of inputs received
 - Detailed data and information

This Project is funded by the European Union
