

Workshop

Basic and supplementary measures and anticipated effects

15 - 17 February 2016
ECRAN 61384

Introductory presentation

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Structure of the presentation

- Objectives
- Approaches
- Expected outcomes

Agenda of the Workshop

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Water Management Working Group

Activity 2.3: Water Management

- Task 2.3.1: Annual Meeting
- **Task 2.3.2: Assistance in the development of transboundary river basin management plans**
- Task 2.3.3: Economic analysis in accordance with the WFD (cost recovery and cost-effectiveness considerations), including innovative systems of waste water treatment
- Task 2.3.4: WFD and Marine Strategy Framework Directive – objectives, synergies and approaches

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop: Objectives

☐ Wider objective

- to encourage and mobilize efforts towards the preparation of the Program of Measures, within the WFD implementation process, as a key to reaching the good water status in the Drina River basin through capacity building activities, and based on countries needs and priorities.

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop: Objectives

❑ Specific objectives (1):

- To make use of the results obtained during the previous screening workshops and advance with the elaboration of the Program of Measures in Drina River Basin
- To present, discuss and review the preparatory status of the PoM in Drina River Basin in relation to the identification of basic and supplementary measures addressing the five SWMIs in Drina River Basin

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop: Objectives

❑ Specific objectives (2):

- To present experiences of all beneficiary countries for selecting the basic and supplementary measures addressing the SWMIs
- To agree on the basic and supplementary measures in Drina River Basin
- To agree on the set of assumptions for preparing the scenarios for Drina River Basin
- To establish further actions in order to finalize the Drina RBM Plan

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop: Objectives

❑ Specific objectives (3):

- To share information, exchange views on experience for the establishment of the environmental objectives
- To present experiences in the development of the environmental objectives at the national level, and the coordination in the transboundary and river basin context
- To agree for environmental objectives in Drina RB
- To present the reference and concept documents required for implementation process in the transboundary context of the Drina River Basin

This Project is funded by the European Union

human
dynamics
public sector consulting

Project implemented by Human Dynamics Consortium

Workshop: Objectives

❑ Specific objectives (4):

- To assess the difficulties in the countries for development of the environmental objectives and to discuss the needs and possible options of support through the activities of ECRAN project, including training needs
- Facilitate dialogue among the countries on specific concepts and actions that are needed to ensure WFD implementation

This Project is funded by the European Union

human
dynamics
public sector consulting

Project implemented by Human Dynamics Consortium

Workshop: Objectives

❑ Specific objectives (5):

- To explore any national obstacles (involvement and commitment, data and methodologies, coordination and cooperation, capacity building needs) towards implementing the WG Water tasks and identify possible solutions
- To brainstorm and discuss the activities (guidance, capacity building, and practical case studies) needed for performing the project tasks in line with WFD requirements in the Drina RB and involvement of participant countries.

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop: Outcomes

- Improved understanding of the topics, challenges and tasks, establishment of the list of basic and supplementary measures and of the environmental objectives, in line with WFD
- Exchange of experiences and knowledge improved
- Key obstacles impeding the tasks implementation and related solutions identified
- Active involvement of the participants: preparation list of basic and supplementary measures, establishment of environmental objectives, identification of the appropriate assumptions, and selection of scenarios for assessing the anticipated effects of the PoM

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop : Approaches (1)

- Discuss the third part of the methodology for drafting the PoM as a key component of the RBM Plan
- Provide support through background documents for specific steps along PoM development
- Make use of filled in screening templates to answer various questions following the PoM methodology
- Review countries assessments of answers and track progress
- Clarify the packages of actions and activities needed for reaching the project expected outcomes
- Assist in the TAIX transfer of knowledge and lessons learned

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

Workshop : Approaches (2)

- Engage all beneficiaries in the preparation of PoM for the Pilot Drina RB through planned inputs into the workshop
- Propose Case studies to exemplify specific items which cannot be approached on basin wide level
- Examine issues for integration at different levels (DRB, Sava, Drina) across policy domains (WFD, Flood Directive....)
- Encourage sustainability and replicability across the whole targeted ECRAN project beneficiaries.

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

15 February 2016**Basic measures**

Start	Finish	Topic	Speaker
09.00	09.15	Welcome and opening	Mihail Dimovski
09.15	09.30	Introductory presentation and agenda	Mihaela Popovici
09.30	10.30	Results/outputs achieved in 2015	Mihaela Popovici
10.30	11.00	Coffee Break	
11.00	12.30	Inputs from Beneficiaries on Basic measures	Countries
12.30	14.00	Lunch	
14.00	15.00	Implementation of the basic measures. Approach, challenges, implementation in RO	Gheorghe Constantin
15.00	15.30	Latest updates in approaching cross cutting issues in the WFD implementation process at EU	Gheorghe Constantin
15.30	16.00	Coffee Break	
16.00	16.30	Identification and development of the environmental objectives according with WFD	Cristian Rusu
16.30	17.00	Financial aspects basic measures in the RBMP	Gheorghe Constantin
17.00	17.30	Proposal for setting up the environmental objectives for Drina RB	Countries

This Project is funded by the European Union

Project implemented by Human Dynamics Consortium

16 February 2016
Environment and Climate
Regional Accession Network **ECRAN**
Supplementary measures

Start	Finish	Topic	Speaker
09.00	09.30	Supplementary measures – legal basis and lessons learned from the Romanian experiences	Gheorghe Constantin
09.30	10.00	Water as a cross cutting issue	Mihaela Popovici
10.00	10.30	Integration of National Water Retention Measures in river basin management	Mihaela Popovici
10.30	11.00	Linking National Water Retention Measures with EU Agricultural Policy/CAP Pillar 1	Mihaela Popovici
11.00	11.30	Coffee Break	
11.30	12.00	Differences, similarities and choices in selecting and assessment of the supplementary measures in Romania	Cristian Rusu
12.00	12.30	Progress made for the development of the PoM as part of the RBM Plan: Supplementary Measures	Countries
12.30	14.00	Lunch Break	
14.00	15.00	Wetlands as supplementary measures – cost and benefits within the PoM	Mihaela Popovici
15.00	15.30	Development of the supplementary measures within Danube RBM	Gheorghe Constantin
15.30	16.00	Coffee Break	
16.00	17.00	Supplementary measures for Drina River Basin	Round table

This Project is funded by the European Union

Project

17 February 2016

Anticipated effects

Start	Finish	Topic	Speaker
08:30	09:00	Registration	
09:00	09:30	Wrap up 1 st and 2 nd day meeting	Mihaela Popovici
9:30	10:30	Anticipated effects of climate change adaptation – EU policy context	Gheorghe Constantin
10:30	11:00	Coffee Break	
11:00	12:30	Measures for climate change adaptation related to the WFD: lessons learned from Romanian projects	Cristian Rusu
12:30	14:00	Lunch Break	
14:00	15:00	Approach for setting up scenarios for assessing the anticipated effects of the PoM	Mihaela Popovici
15:00	15:30	Baseline scenario and selection of the assumptions for Drina PoM	Mihaela Popovici
15:30	16:00	Coffee Break	
16:00	16:30	Presentation of the templates for the support of the development of the Drina RBMP	Mihaela Popovici
16:30	17:30	Next steps and conclusions	Mihaela Popovici
